

Students are required to complete 12 hours of community service per school year, grades 9-12. All service projects must be approved in writing in advance by the Administration. A church-related or community-based activity in which one volunteers outside of school hours may qualify for Community Service. The student must not receive compensation for the activity, either financially or academically. Please contact the school office if you need help finding a Community Service idea.

**STUDENT INFORMATION SECTION
To be completed by the student**
